## INTRO

### VERSE 1

Lord, You can take  
Everything away  
I'll give it all to You

### VERSE 2

You wipe every tear  
So I can see You clear  
I'll give it all to You

### CHORUS 1

If I had nothing, I'd still praise Your name  
You can take everything  
And I'll love you the same  
Build my life on hope and truth  
Eternity is all I need with You

### VERSE 3

As the skies turn grey  
I know I'll be okay  
I'll give it all to You

### VERSE 4

Mountains may shake  
I'll stand in Your grace  
I'll give my life to You

### CHORUS 2

If I had nothing, I'd still praise Your name  
You can take everything  
And I'll love you the same  
Build my life on hope and truth  
Eternity is all I need with You

### BRIDGE

Turn this robe into rags  
Take my coat, take all I have  
Take all I knew, give it to You  
You are enough for me

Move my feet to where You want me  
Build this world to only want You  
You are enough for me

I hold these things to my heart  
But they were Yours, from the start  
I give it back, back to You  
You are enough for me
