VERSE 1

You picked me up where I was at
Lavished me in love again
Held me sweetly in Your hands

VERSE 2

Felt a love so pure and gentle
Heard a whisper soft and simple
And in this moment I am safe and sound

CHORUS 1

You found me
In my weakness
Breathing life into me
You saw me
Through my darkness
And breathed Your life into me

VERSE 3

Heart and mind at peace not war
Because Your love's so perfect and sure
All I know is you are here with me

VERSE 4

Mountains and valleys scream Your name
Angelic sounds echoing Your praise
Let Your Spirit erupt in this place

CHORUS 2

You found me
In my weakness
Breathing life into me
You saw me
Through my darkness
And breathed Your life into me

BRIDGE (2X)

Even when I don't feel it
Your presences flows in me
Even when I don't see it
You're still moving
Even when I don't hear it
You still speak so fluently
Even when You're still Lord
You are working

You found me
In my weakness
Breathing life into me
